

Smoking/Vaping

Purpose

This policy has been implemented to protect employees from exposure to second hand smoke in the workplace and to ensure a safe, healthy, comfortable and productive working environment for all employees. Integrity Tool & Mold has a legal responsibility to comply with the smoke-free Ontario Act and to ensure all employees are compliant.

Scope

This policy applies to all team members employed by Integrity Tool & Mold, as well as visitors, contractors, clients, customers and volunteers or other members of the public must comply. Employees must comply with the smoke-free Ontario Act while working at off-site locations. The ban on smoking in an enclosed workplace is in effect at all times, even after hours, when people are not working or when customers are not present.

Policy

As required under the smoke-free Ontario Act, **smoking/vaping** is prohibited in all portions of Integrity Tool & Mold that fall under the definition of "enclosed workplace" including inside buildings and work vehicles. No person shall smoke or vape in any enclosed public place or enclosed workplace. Ashtrays, or any equipment serving as an ashtray are prohibited inside all enclosed workplaces. "No Smoking/No Vaping" signs will be posted at all entrances, exits, washrooms and other appropriate locations. Under the smoke-free Ontario Act these signs must be posted and not removed.

Under the smoke-free Ontario Act, the following areas must be smoke-free at all times:

- Interior of any of our facilities
- All company vehicles
- All entrances and bay doors

To further protect our team members, Integrity has designated all entrances as smoke-free within a 9m radius. Therefore, no one shall smoke within 9 metres of any entrance or exit of any building on Integrity's property, as none of our smoking areas are within 9m of any door.

Designated Outside Smoking Areas

To further protect our team members, Integrity has designated smoking areas for team members who smoke. The smoking butt dispensers have all been moved away from all entrances and exits, and has been deemed as our smoking areas. **No one shall smoke outside of the designated smoking areas.**

Enforcement

Team members who seek compliance with the smoke-free ontario act will not obtain any reprisals. Team members who do not comply with the smoke-free ontario act will be subject to Integrity's internal disciplinary policy, which may result in suspensions leading up to termination.
